

# YOUR TRUSTED PARTNER IN COMPLETING COA & PPS PROCESS

**Construction Materials /  
Product Testing  
& Certification**

*We deliver more than just certificates  
— we deliver **Confidence***

# Construction Products/ Materials Testing

CIDB Holdings laboratory is fully equipped with latest technology of testing equipment, capable to perform product testing in compliance with the relevant Malaysian Standard and International Standards.

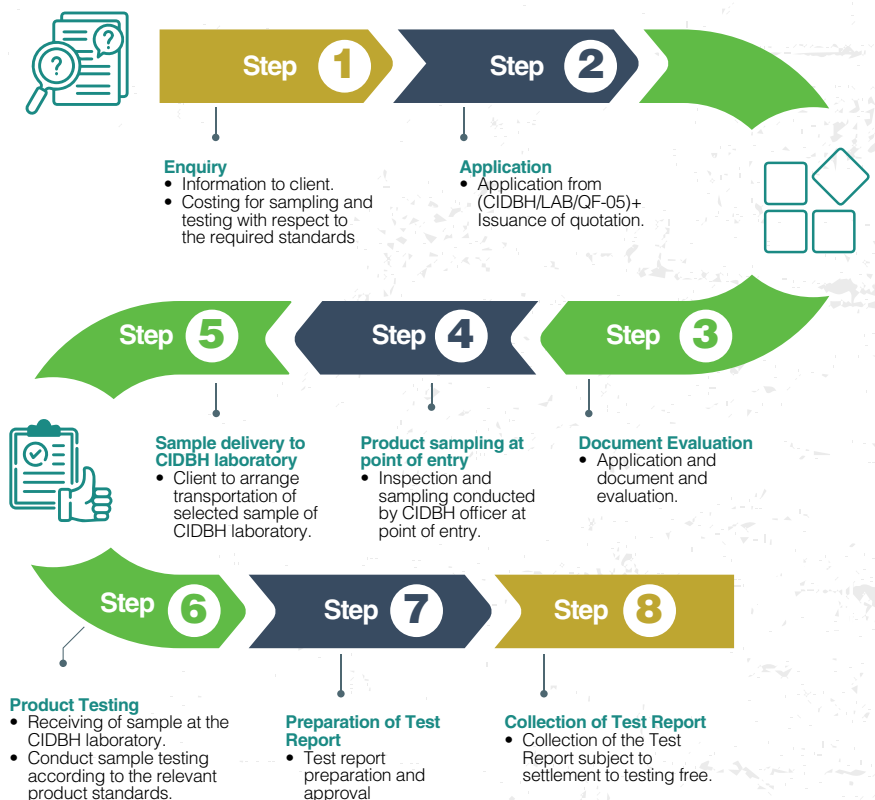

The laboratory has been accredited by Standards Malaysia in compliance with ISO/IEC 17025 since 2009.

The main objective of this testing laboratory is to provide testing services for construction products complies to Standard/Specification requirements.

## Type of Construction Materials/Products For Testing

No	Product	Standard Ref.
1	Ceramics Tiles	MS ISO 13006
2	Sanitary Wares	MS 147
3	Ceramic Wash Basin	MS 2578
4	Urinal	MS 1799
5	Water Closet Pan	MS 1522
6	WC Flushing Cisterns, Inlet Valve & Flushing Device	MS 795-1, MS 795-2 & MS 795-3
7	Glass in Building – Float Glass	MS 1135
8	Glass in Building – Safety Glass	MS 1498
9	Glass in Building – Coated Glass	MS 2397
10	Glass in Building – Insulatin Glass Unit (IGU)	MS 2666
11	Wired Glass	MS 2676
12	Sanitary Tapware – Single Tap & Combination Taps (Flow Rate Test Combination Taps)	SPAN TS 3004

## 8 Steps Process for Consignment Sampling and Testing

# Construction Products/ Materials Certification Scheme

It is stipulated in Construction Industry Development Board (CIDB) Act 520 (Amendment 2011) only building materials which have received the Standard Compliance Declaration (Perakuan Pematuhan Standard or PPS) can be used in construction projects (Schedule 4 of the Act). The main technical document required for consideration of PPS is the Product Certification (PC) or Full Type Test Report (FTTR) issued any accredited certification bodies and testing laboratories respectively.

CIDBH Product Certification is recognised to certify various construction materials/products to fulfil CIDB requirements namely ceramic tiles, sanitary wares, glass for construction, radiant barrier and iron & steel including deformed bar, wire rod, steel beam, scaffoldings, wire mesh, wire rope etc. We also able to certify water supplies product such as taps & mixers, flush valve and fittings mechanism as per SPAN regulatory requirements.

## Type of Construction Materials/Products For Certification

No	Product	Standard Ref.
1	Ceramics Tiles	MS ISO 13006
2	Sanitary Wares	MS 147, MS 1522, MS 2578 MS 795-1, MS 795-2, MS 795-3, MS 1799
3	Glass	MS 1135, MS 2397, MS 1498, MS 2666, MS 2676
4	Iron & Steel Product	MS 146, MS 145, MS EN 10025-2 MS ISO 16120-2, MS 2500 MS 2289, MS 1462-1, MS 1462-2-1, MS 1462-2-2, MS 1462-2-3, MS 1462-3-1, MS 1462-3-2, MS 1462-4-1, MS 1462-4-2, Etc
5	Sanitary Tapware	BS EN 817, SPAN TS 3004, SPAN TS 3005
6	Aluminium	MS 2040, MS 832, MS 2289 MS 1017, MS 2571, Etc
7	Insulation Material	MS 1020
8	Radiant Barrier	MS 2095
9	Fibre Cement Flat Sheet	MS 1296
10	Ceramic Pipe	MS 1061-1, MS 1061-2, MS 1061-3

## 6 Steps Process for Construction Materials/Products Certification

# Key Advantages of Our Services

## ✓ Officially Accredited and Recognised

CIDB Holdings is accredited under ISO/IEC 17025 and ISO/IEC 17065 by Standards Malaysia, and recognised by key regulatory bodies such as CIDB and National Water Services Commission (Suruhanjaya Perkhidmatan Air Negara-SPAN).

## ✓ Comprehensive Testing & Certification Services

We offer a wide range of testing and certification scopes using advanced equipment, ensuring accurate and fast results at competitive pricing.

## ✓ Highly Experienced Team

Our team includes qualified auditors with over 20 years of certification experience and laboratory personnel with over 15 years in product testing.
